Programming Assignment 1

Name: An Tran

Student ID: 110709381

Structure

Program includes:

1. functions.cpp
2. functions.h
3. main.cpp

Current Status: compiles and runs as intended

Functionality is programmed and the code compiles. Program passes all test and runs as intended. Hooray!

Hardware Platforms

- Wrote and ran GitHub Codespaces
- macOS: Sonoma 14.1.2

How to compile program

- Use this command in the terminal: `g++ src/functions.cpp src/main.cpp -lpthread -o main.exe`
- main.cpp will include code to test functionality of program outside of the autograder
